## EXPERIENCE

### WORKIVA

#### STAFF INSIGHTS ANALYST

Jan 2025 – Present | Denver, CO

- Replaced brittle, in-house automation for ELT QBRs with a formalized, maintainable reporting tool.
- Scoped and delivered multiple cross-functional analyses diagnosing root causes for underperformance in growth areas, and provided action plans for remediation and tooling to track progress while compressing the process from weeks to days using state of the art tooling.
- Stood up lightweight web scraper to independently extract and analyze CRM call data, and redeveloped into a robust API integration feeding directly into the Snowflake data warehouse after proving out value.
- Proactively architected and migrated departmental analytics infrastructure to Snowflake/DBT ahead of enterprise timeline, developing automated code transformation tooling and establishing modern data stack best practices.

#### SENIOR INSIGHTS ANALYST

Mar 2022 – Dec 2024 | Denver, CO

- Responsible for building, maintaining, and optimizing Growth Solutions data and analytics strategy through a series of initiatives including:
  - Prototype, build and scale of departmental dashboard for core metrics; refactored for global usage.
  - Prototype, build and scale of customized CRM-based alerting and tracking system to global sales org.
  - Data, analytics, and messaging on numerous C-Suite level planning and prioritization initiatives.
- Worked cross-functionally with stakeholders ranging from PMs and analysts to EVPs and C-team to optimize pipeline and GTM strategy
